Campbell Takes It by Six!

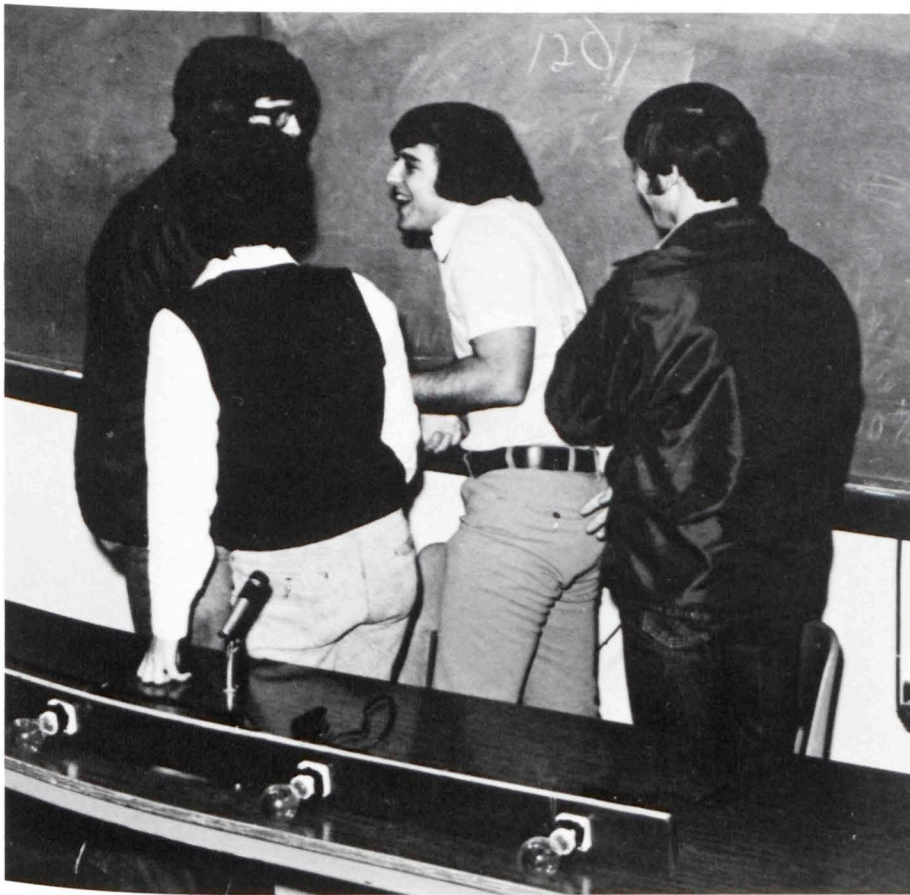

The election seemed to almost creep up on the students this year. Two weeks of campaigning flew past in what seemed only a few days. In the primary election, just over one thousand students bothered to get out and vote. This wasn't the real election, was it?

In the run-off, almost two thousand students took the trouble to select the ASG president for next year. Only six votes separated the winner, Rick Campbell from the loser, Debbie Wernet. Was this the comeback for the Greek System into campus politics? "I don't think so," said Rick, "I just got lucky."

GREEK WEEK '73

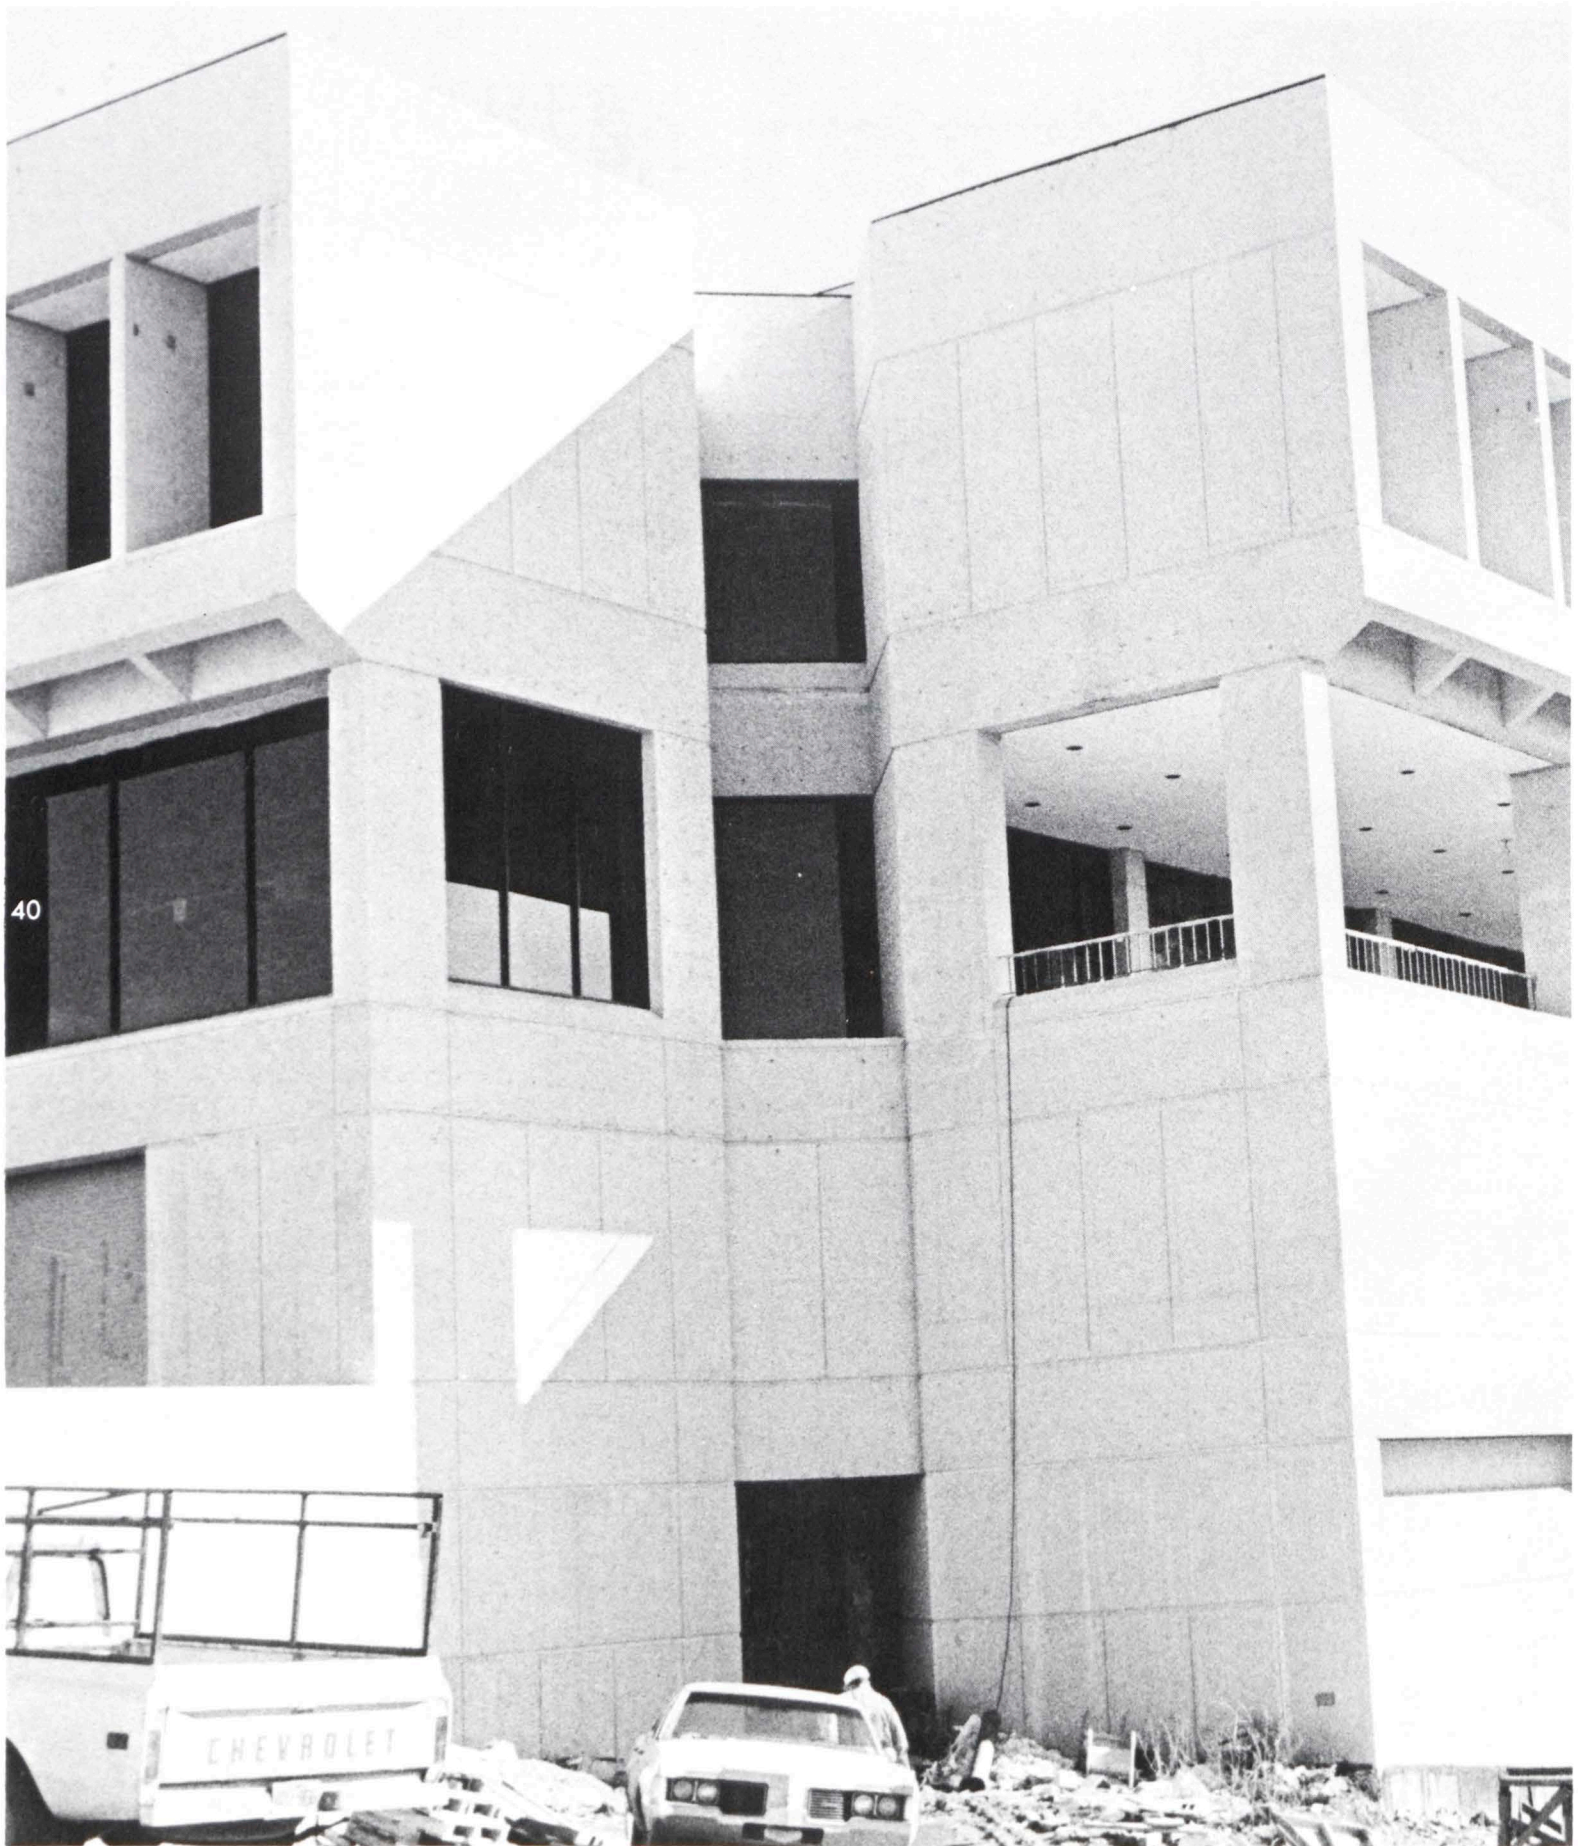

39

Sigma Alpha Epsilon won the Fulbright-McClellan Award. Delta Gamma won the award for being the most outstanding sorority. Scholar's Bowl saw an upset with SAE taking first. A poker tournament was held for fraternity men and a bridge tournament was held for both sororities and housemothers. And, of course there was the annual "Greek Week Dance" at the Rink.

And that was Greek Week '73.

They didn't make it all the way to the top, but after looking up from the bottom for so many long seasons, second place isn't so bad. The Running Razorbacks made basketball a campus word again with a winning season and a newly revised record book. This year, Arkansas is NO. 2, tied with Texas A&M. The Razorbacks showed everyone that they could and **would** play basketball.

CAMPUS TRIVIA

It took 2,600,000 bricks to build Old Main.

You are never supposed to step on the Senior Walk year 1900 because all the members of that class died a tragic death and you will too if you step on that year.

The first University radio station was KUOA which was sold and moved to Siloam Springs.

There are 101 steps leading to the University Museum.

The chimes in Old Main were placed there in 1949 and are dedicated to the 210 former UofA students who lost their lives during WWI and WWII.

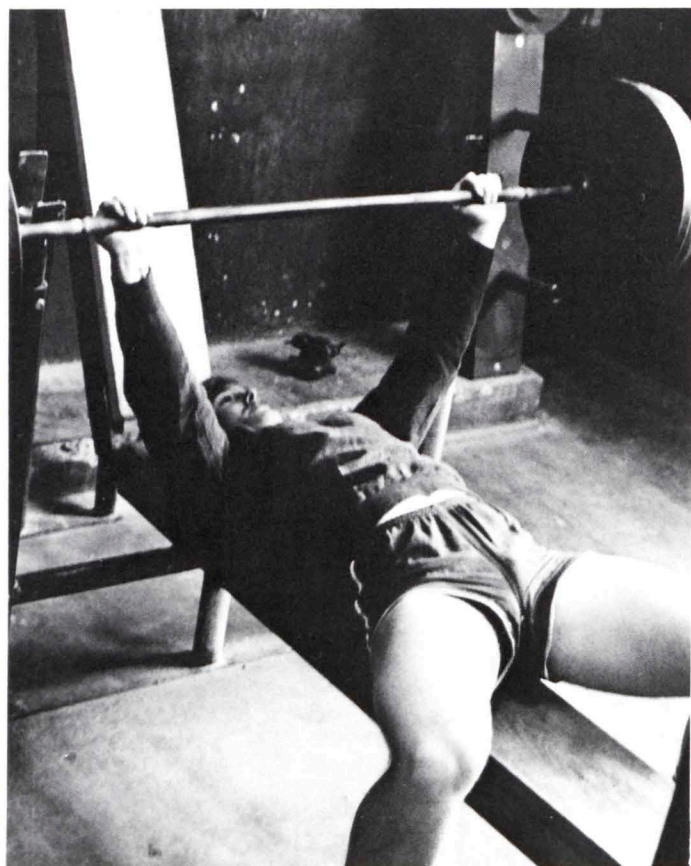

56 Until the mid 1930's no freshman was allowed to walk on Senior Walk until after Thanksgiving unless Arkansas won the Homecoming Game.

The rocks that were used to build the wall around the campus were obtained from in front of the Infirmary.

Kappa Sigma was the first Greek Fraternity on campus. Five years later, Chi Omega founded itself on campus, becoming the first sorority.

Tradition has it that if you get dropped, pinned, or engaged on Spoofer's Stone, that your love will last forever.

"When I started out my year as editor, I knew it would be a long haul as I started with three strikes against me: I'm a Greek, a Girl, and a Polack. Now it wasn't an easy year, nor was it a safe and sane year. It was a hell of a year filled with many memories, both good and bad. If I had it to do all over again, like with everything else, I'd do a lot of things differently.

We wanted to give you a unique book—one that has never been done before, and we did. Special thanks go to Jay Walderich, Steve Maxwell, Eldon Tanner, Dennis Scott, and the entire American Yearbook Company for risking their very necks to get us the book we wanted.

It isn't easy to capture the campus in one book, for it means something different to each of us. We've tried to highlight the year and hope you have your own memories of college to add to ours.

The first thanks should go to my family. They have been my crying towel and my ego booster this year. I couldn't have kept what little sanity I DID keep without them.

The staff this year has been excellent. I thank them all, not only for the time and effort they put in to make this book, but also for putting up with me and my strange ways of doing things.

J.J. Price was hired as executive secretary, but she ended up doing about everything. She always came up with the right answer and I owe her much more than a "thanks" can ever

say.

Angel Tatum, staff secretary, also did her share of "non-secretarial" jobs around the office. She, too, put a great deal into this book. Thanks.

What can I say about Larry Cline? He did everything I asked him to do and kept fairly close to schedule. He kept the staff going with his trivia and puns. Larry, Little Mary Sunshine promises to sing at your wedding.

Jim Merryman again did an excellent job on the military section. He even camped out a few nights in the office just to meet his deadlines.

The residence section, always the most frustrating, was done by Susan Hooks and Kitty Sanders. It's not easy to sort 5,000 cards and over twice that many pictures, but they did. And they did a fine job of it.

To an old RAZORBACKER, Henry Woods, it all came easily. He took care of the football section and I never worried about him once. Linda Franklin handled the "other" sports even down to taking some of her own pictures.

Joel Henderson, a late newcomer, was handed two deadlines to lay out and he did. I didn't explain things very well, but he did a good job.

The photographers, Rick Bailey, Chief; Ric Reed, John Partipilo, Carl Croom, and Jim Borden, lived in a world I didn't always understand. I griped a lot at them and wrote a lot of unprintable notes, but the book would be pictureless without them.

I said a strike against me was the fact that I'm female. So whenever a man was needed, Larry Logan, Features Photographer, stepped in. He pleaded my case many times and I am truly grateful. I wish him much luck next year as the '74 editor.

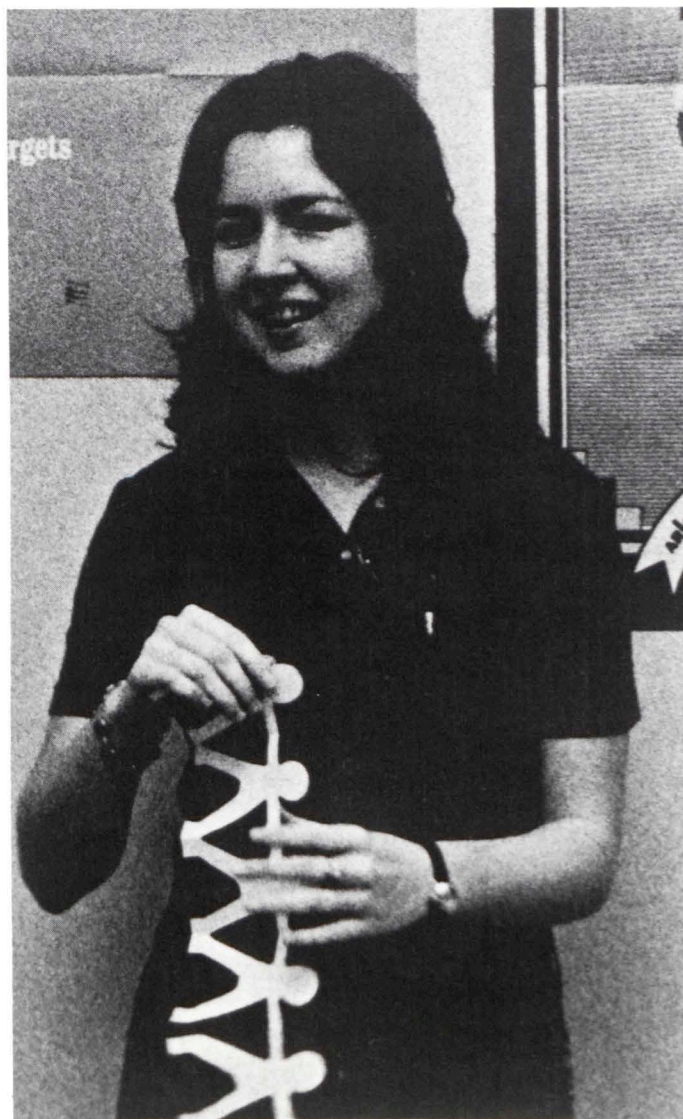

This book is not me or my ideas. It is a book by the staff and we've tried to reach everyone. If we didn't reach you, I'm sorry, but maybe you can use this book to prop open your window.

I must also thank all the people who were so quick to offer "helpful" advice. Sorry I didn't use it.

When you're in this business, you tend to live yearbook. It's worse being the editor. I resolved to keep as much of my sanity as possible. It's not easy and I couldn't have done it without my "escape." Thanks. I love you.

And to all those people who said I couldn't do it, I did. And here it is.

A PENNY FOR YOUR THOUGHTS...
